I WANT A PET!

Dear Mum and Dad,

O I am writing to you today to ask for a cute pet dog. I really believe we have to get a pet dog.

R E I would like a pet dog because I truly believe it would be so good for our family. A pet dog can be a friend. They are always there to play with and talk to. They can also make us feel better when we are sad.

R E I know getting a pet dog is a big decision. That is why I will help to look after it and do my best to take care of our new furry friend. I promise to be responsible.

O You can see that we would definitely be happier with a pet dog.

I hope we can get one soon.

From Billy
