I can use a range of connectives correctly.

NOUN GROUPS

CONNECTIVES

Goldilocks looked over at the kitchen bench and spotted three electronic devices: Papa Bear's laptop, Mama Bear's iPad, and Baby Bear's Nintendo Switch.

First, she tried the laptop, but it would not log in. Goldilocks felt disappointed because she was eager to play a game. Next, she picked up the old looking iPad, but it was flat and completely powerless. She sighed and carefully put it back on the clean bench. Lastly, she tried the Nintendo Switch, and it worked straight away. Goldilocks was happily playing Mario Kart when the three bears returned home.

The bears were surprised to see Goldilocks, however they gave her a friendly smile. They invited her to stay for dinner, and she gladly accepted. After dinner, the house was buzzing with excitement as Goldilocks and Baby Bear spent the evening racing each other in Mario Kart. It was an exciting and memorable day.

TWEAK THAT TALE

I can write a simple problem

I can write a simple solution.

I can try to match my problem and solution.

I can use noun groups.

I can use connectives.

NOUN GROUPS

CONNECTIVES

Goldilocks looked over to the kitchen bench and saw three devices, Pappa bear's Laptop, Mumma bear's iPad and Baby bear's Switch.

First, she tried the laptop but it wouldn't work. Next, she tried the iPad, but it was flat. Then, she tried the Nintendo Switch but it was flat too.

Goldilocks was quietly playing Mario Kart. Then the three bears came home. They asked her to stay for dinner. Goldilocks and baby bear spent the afternoon versing each other in Mario Kart. They had fun together!
